

Time To Think Facilitator Course

Are you interested in becoming a Time To Think Facilitator? Once you complete the Foundation Course, this is your next step.

WHAT IS THE FACILITATOR COURSE?

This course follows on from our Foundation course for those who want to share Time to Think principles with groups or take its practice into their group facilitation. It moves you from understanding the group applications to being able to teach and deliver them professionally, enabling groups and organizations you work with to become Thinking Environments and will qualify you as a Time to Think facilitator.

The course specifically builds upon your understanding, skills and experience of the 10 components of a Thinking Environment and the 8 applications for teams and groups, These are Thinking Pairs, Dialogue, Rounds, Open Discussion, Meetings, Bespoke Facilitation, the Time to Think Council and Presentations, as experienced on the Foundation Course.

Upon completion of the live training, you will then undertake a 4-6 month Practicum supervised by Anna Inama as a Time To Think Faculty member. Once completed, you'll be welcomed into the Time To Think Collegiate, qualified as a Time To Think Facilitator, and eligible to join quarterly collegiate meetings of other Thinking Environment practitioners.

HOW DOES THE FACILITATOR COURSE RUN?

The Facilitator Course is a three day qualifying course face to face (or 6 half days online)

You will have the benefit of Anna's experience as a Time to Think coach, leadership Facilitator and practitioner of the Thinking Environment daily in her coaching and leadership facilitation practice working across different industries and with a large variety of clients.

The Facilitator Course classroom days are followed by a 4-6 month facilitator Practicum Programme: an extensive supervised practicum during which students present to two different groups 7 applications of the Thinking Environment. Completing the course and Practicum work qualifies you as a Time to Think Facilitator.

WHAT IS THE TIME TO THINK FACILITATOR PRACTICUM?

Following the Facilitator Course, you will be supported by Anna to become qualified by Time To Think to present the eight Applications professionally. With 4 practicum supervision sessions to support you, you will complete the following Practicum Work:

Written essay on The Ten Components of a Thinking Environment. This explication should demonstrate your knowledge of the definitions and principles of each of The Ten Components. It should include stories from your experience to illustrate the positive impact of each Component on people's ability to think for themselves.

Delivery of each Application twice. Through delivery of each of the eight Applications (without charge) to a group (4 people minimum) organised by you, you will deepen your understanding about presenting and facilitating this work.

Notes and Reflections. After delivery of each Application, you will record your learning as well as any questions that arose from your delivery.

Thinking Pairs Practice. This practice in both the Thinker and the Thinking Partner role, twice a week until you finish the Practicum, once a week thereafter to maintain your certification, will sustain development of your understanding and expertise.

WHAT IS YOUR INVESTMENT?

The investment on the programme is Euros **1895 + VAT** for a virtual programme. This is inclusive of the live group training sessions, course materials, in-between session support and 4 hours of Practicum support and mentoring as a 1:1 with Anna.

Phased payments and a bursary place will be considered, upon application.

About Anna

I am an Executive Coach to leaders and their teams. I am an Accredited Time to Think Coach, Facilitator, Teacher, a member of the Time to Think Collegiate. I have trained predominately with Nancy Kline, the pioneer of the

Thinking Environment. Connecting with the Collegiate regularly provides me the opportunity to develop my freshest thinking and practice in the on-going developments of the Time to Think approach. I also run regular Thinking Environment sessions for alumni and leaders.

I am passionate about creating an environment for others to generate more of their independent thinking. I believe that by listening more to others, both the listener and the speaker become more, as individuals. I am keen to facilitate others to experience the profound impact of generating independent thinking in this world of increasing competition, complexity and time pressure.

WHAT OTHERS HAVE SAID:

“

The experience was profound at all levels – as much personally as professionally. It opened my eyes to how I might parent differently as well as coaching and consulting differently. It utterly brought to life the meaning of generative attention. I really had a tangible sense of this quality of extraordinary quality of attention. I feel totally “held” by Anna, in a safe and supportive space which feels utterly non-judgement. It allows me to say things out loud that I might not even fully acknowledge to myself in my head usually.

”

“

A wonderful awakening experience and journey to connecting deeper to whom I am. Anna is so real and authentic. She explains things so clearly, she is knowledgeable, confident, professional and makes us feel safe to explore.
